

Amy E Trudgian Art

Growing up on a farm in Cornwall Amy has developed a passion for animals and wildlife. Since graduation from Falmouth University in 2019 Amy has gained a small business, mainly consisting of commission-based pet portraits.

Amy works using professional quality-coloured pencils and quality paper to produce lifelike portraits to capture the animal's personalities. Commissions range from dogs to horses. Amy also creates artwork for Prints & Greeting cards to be purchased on the website & at shows throughout the year.

Please find below a list of products Amy has to offer.
Enjoy browsing and thank you for looking.
