

Amy Trudgian Art

Growing up on a farm in Cornwall Amy has developed a passion for animals and wildlife. Since graduation from Falmouth University in 2019 Amy has gained a small business, mainly consisting of commission-based pet portraits.

Amy works using professional quality coloured pencils and quality paper to produce lifelike portraits to capture the animal's personalities. Commissions range from dogs to horses. Amy also creates artwork for Prints & Greeting cards to be purchased on the website & at shows throughout the year.

Please find below a list of products Amy has to offer.
Enjoy browsing and thank you for looking.
